900M-T-2C Solder Tip – 45° Slanted Type

This type has a shape like a cone or column cut at a 45° slant. It is used for drag soldering and pre-tinning of lead wires.

SKU: [ASS1172](#)

Brief Specification:

- Lead-free 900M Series soldering tip.
- Part No: 900M-T-2C.
- Tip Shape: 45° Cone Type.
- 2mm bevel soldering iron tip.
- Shank Diameter: Ø6.5mm.
- Bore Diameter: Ø4mm.
- For use with 936 soldering iron.

Mechanical Dimension:

Unit: mm

The Face behind our product quality...

In a world of constant change and continuous technological development, a new or replacement product is never far away – and they all need to be tested.

Many vendors simply import and sell without checks and this cannot be the ultimate interests of anyone, particularly the customer. Every part sell on Handsotec is fully tested. So when buying from Handsotec products range, you can be confident you're getting outstanding quality and value.

We keep adding the new parts so that you can get rolling on your next project.
