

Soldering Iron Tip Cleaner - Ball Top Cover

This solder tip cleaner is designed to be a quick and easy way to wipe excess solder off of soldering iron tips during work projects. The soldering tip is cleaned by wiping or turning it in the metal wool. Wiping a hot soldering iron tip on a wet sponge can affect your soldering temperature and degrade the metal of the tip. Using a brass wool alternative is far more efficient.

SKU: [ASS1227](#)

Brief Data:

- Accessory Type: Soldering Iron Tip Cleaner.
- Stand Type: Ball Cover with Removable Base.
- Cleaning Media: Copper Wool.
- Non Water Base.
- Size (WxH): (Ø67x77) mm.
- Color: Black.
- Stand Material: Steel.
- 3-pieces set: Ball Shape Cover, Removable Base & Copper Wool.
- Weight: 96g.

Mechanical Dimension:

Unit: mm

The Face behind our product quality...

In a world of constant change and continuous technological development, a new or replacement product is never far away – and they all need to be tested.

Many vendors simply import and sell without checks and this cannot be the ultimate interests of anyone, particularly the customer. Every part sell on Handsotec is fully tested. So when buying from Handsotec products range, you can be confident you're getting outstanding quality and value.

We keep adding the new parts so that you can get rolling on your next project.
