Data Specs

G Clamps with Thread – Heavy Duty

This G clamp is perfect for all your wood working and engineering projects. Due to the simplistic design, they are ideal for use almost anywhere. This clamp is made from cast iron which ensures the excellent strength of this hand tool. The strong clamping spindle ensures the user has a firm grip on the G clamp, coupled with a wide clamping surface on the spindle and a long thread on the spindle bar ensures quick tightening.

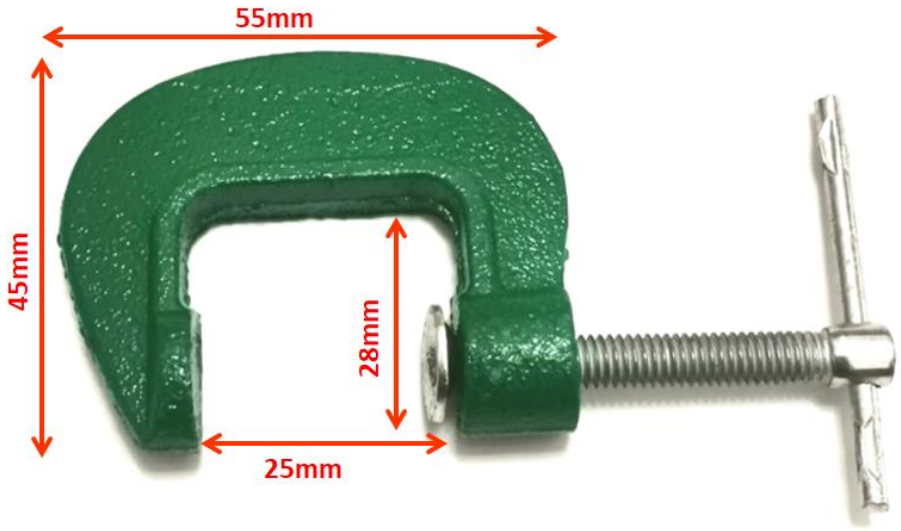
SKU: HTA1062

Bried Data:

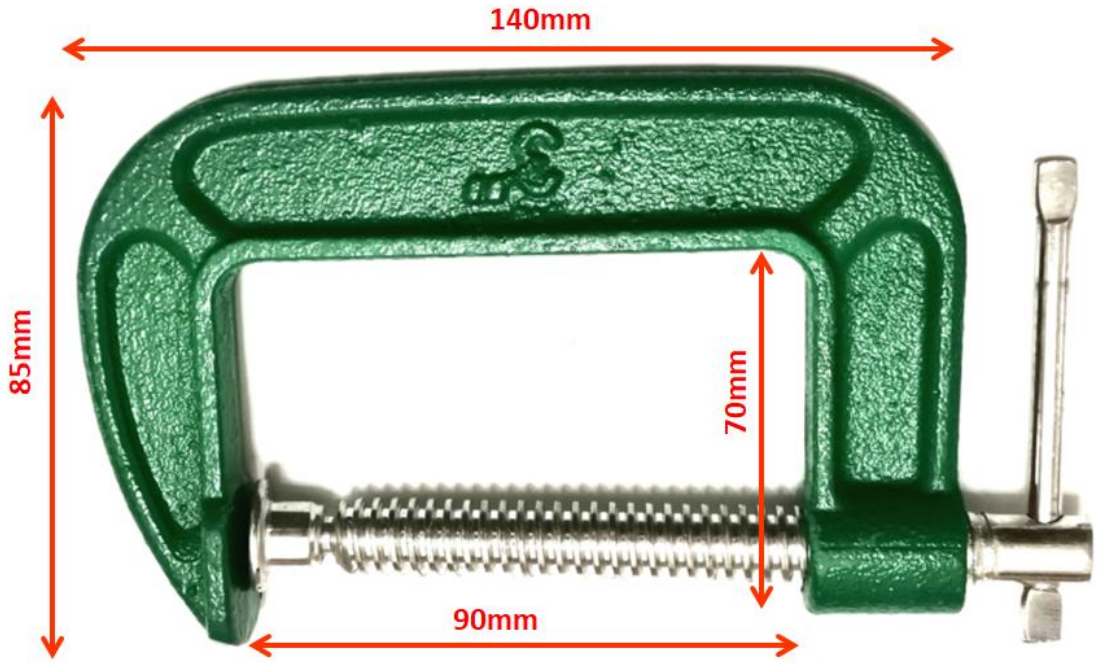
- HT Pro Hand Tool Series.
- All Die Cast Metal Construction.
- Type: 1-inch G Clamp.
- Clamp Opening: 25mm (max).
- Clamp Depth: 28mm.
- Lead Screw Diameter: Ø7mm.
- Overall Dimension: (55x45x15) mm.
- Weight: 70g.

Mechanical Dimension:

Unit: mm



1-inch Dimension



3-inch Dimension

The Face behind our product quality…

In a world of constant change and continuous technological development, a new or replacement product is never far away – and they all need to be tested.
Many vendors simply import and sell wihtout checks and this cannot be the ultimate interests of anyone, particularly the customer. Every part sell on Handsotec is fully tested. So when buying from Handsontec products range, you can be confident you're getting outstanding quality and value.

We keep adding the new parts so that you can get rolling on your next project.
