

Polycarbonate PC Phillips Countersunk Screw

Polycarbonate is a type of plastic. The use of polycarbonate screws is prevalent in electrical systems. It is used in electrical and telecommunications hardware, high-stability capacitors, and even computers and other electronic equipment. It offers many safety features that other metal materials can't provide.

SKU: [FAS1363](#)

Brief Data:

- Length L: 6~25mm.
- Thread Size: M3~M6.
- Material: Polycarbonate (PC)
- Finish: Clear Transparent.
- Head Shape: Philips Cross.

Mechanical Dimension:

Unit: mm

The Face behind our product quality...

In a world of constant change and continuous technological development, a new or replacement product is never far away – and they all need to be tested.

Many vendors simply import and sell without checks and this cannot be the ultimate interests of anyone, particularly the customer. Every part sell on Handsotec is fully tested. So when buying from Handsotec products range, you can be confident you're getting outstanding quality and value.

We keep adding the new parts so that you can get rolling on your next project.
